SUMMARY

Rarely can you find a practically new home in the Chicago market for under \$200K let alone one with such a good layout and upside, that just means you need to act fast as this gem will not be around for long! This wonderful home was built in 2008, features three very large spacious bedrooms all on the second level and a pretty open floor plan on the main level with a full basement that offers high ceilings! The first floor has a living room/dining open feel and looking into the spacious kitchen, there is a private deck perfect for summer BBQ along with a 2 car garage and paver patio off the kitchen. The bedrooms are very spacious and offer tons of closet space, the basement is roughed out and only needs drywall to be fully finishes. The high ceilings is a huge plus, you just do not find these style homes in this market at this price point! The value is there, this
